## \$11,000 OF WAR BONDS BOUGHT HERE

Sonoma Valley Bank First Company to Subscribe here for Liberty Loan.

The Sonoma Valley Bank of which Frank M. Burris is president is the first local purchaser of the Liberty Loan bonds. On its account the bank has subscribed for \$5,000 of the issue and has also bought on account of clients \$6,000 worth more.

The investment by this old firm of bankers in the bonds shows the confidence which the Liberty Loan inspires in the bankers throughout the country and is indicative of the gilt edge character of the securities.

"The safer the securities the smaller the interest" says Jesse H. Burris, cashier of the Sonoma Bank but he added "if subsequent bond issues call for the payment of a higher rate of interest these Liberty Loan Bonds will draw the higher rate also."

In answer to the question as to why the banks of the country do not take the bonds issue all up Secretary Wm. G. McAdoo of the Department of Treasury says:

"We must not rely upon the banks alone to buy these bonds. There is a limit to which banks should put their funds in fixed investments, but there is no limit to which the individual may go in investing his income and savings in safe investments of a fixed character like Government bonds. Banks must at all times keep their resources reasonably liquid, so that they can carry on the essential business of the country. Therefore, the larger the amount of bonds bought by the people themselves, the safer and more prosperous we make business in the country and the more useful we make the banks of the country."

## DEATH CALLS RESPECTED LADY

Mrs. Louisa Barberin an old resident whose husband was the founder of the Old City Bakery died here Thursday following an attack of pneumonia. She was 69 years of age and leaves besides her relatives many old friends. She is the mother of Mrs. R. Cantoni of this place, Mrs. Annie Coy and Willie Holton of Galveston Texas.

The funeral will take place today at 2 o'clock and the respected pioneer mother will be laid to rest in Mountain Cemetery following the service at St. Francis Church.

## CONGRESSMAN IS BEAN GROWER

Clarence F. Lea Sends Orders to Plant His Schellville Ranch to Frijoles.

While Congressman Clarence F. Lea sits in the famed halls of Washington in momentous deliberation of the country's greatest problems his mind is alert to the fact that he owns 48 acres of land in the Sonoma Valley and he is expected to do his part as a farmer wherefore he has sent orders to have his ranch at Schellville planted out to beans—good reliable food for army and civilians approved by cultured Boston and popular in California under the name of frijoles. The beans are to be bayou and Mexican red beans and they are being planted between the rows of the walnut, prune and pear orchard. Congressman Lea's young orchard is thriving and the pride of Schellville. Whether or not his order from Washington to plant beans should be taken as a tip on a much desired commodity is up to the farmer of this section to ponder on. The present prices certainly make the growing of beans attractive and under the skillful direction of Charles Potter it is predicted that our representative at Washington will get a bumper crop.

## SAD ACCIDENT TO INFANT

Relative of Ed Johannsen Victim of Fire Over in Capell Valley.

The thirteen-month-old baby boy of Mr. and Mrs. James C. Pieratt met with a frightful accident at their home in Capell Valley Friday. The child was in a "walking chair" and in running about the room fell with the chair into the open fireplace. Before his distracted mother, the little fellow was horribly burned about the arms, breast and face.

The child was brought to Napa and is now at the Brown Hotel in charge of a trained nurse, and being attended by Dr. C. H. Bulson.

The little patient is in a terrible condition, and it doubtful if he recovers.

Dr. Gobar was called to attend one of the Tracey boys who was hurt while at play Thursday morning in some unaccountable manner. A stick struck him and cut a deep gash in his breast.

## Celebration Will Stir Patriotism as Parade With Brass Bands Drum Corps and Possibly Detachment of Marines Will Pass Along Our Streets. Interest in Horse Races Grows

Three weeks from today will see the celebration which Sonoma Valley is planning on a mammoth scale in its third day's triumph, for it is a foregone conclusion as things now look that it will be a notable success and that the crowds will be the largest in the history of this section.

The fact that the Governor of the State of California and the Mayor of California's metropolis are to honor us with their presence is in itself a tribute of which we feel rightly proud and it lends prestige to the three days as nothing else could.

The note of patriotism is coming out strong as the arrangements for the big parade on opening day shape themselves. Democracy is to be personified in the procession, the spirit of 1776 will be typified by drum and fife, Grand Army veterans will be given places of honor, several drum corps will participate and if our more ambitious plans mature a detachment of U. S. Marines may be secured, their gallant escort to stir the patriotism of spectators who will be here to greet them and to stimulate interest in this department of the service. Sonoma's celebration is to be more than provincial for with bands playing, flag aloft and the marines to thrill us can be made a day of real import.

The Governor's office has been communicated with and the State Council of Defense with a view of getting the detachment of marines from Mare Island.

Grand Marshall Jack Murray, Chairman of the Parade Committee, has chosen his aides among whom are Chas. Groskopf, A. P. Ringressy, and J. Milton Sobbe.

The judges of the parade will probably be Senator Slatter, District Attorney Hoyle, M. E. Cummings and Robt. Hill.

The Moose Social Club of Sonoma are lending fine assistance and have appointed a special committee consisting of Messrs Craig, Robin and Prie to promote interest in the celebration. They have invited the Moose from adjacent cities to participate.

A special request to all local members to come to the meeting on June 2nd is herewith published, and it is hoped that all Moose will respond.

The Native Sons and Daughters are also planning to participate but as yet have not announced their features.

Mr. and Mrs. Jas. Rolph Jr. of San Francisco will of course be the honored guests of the opening day and the banquet to follow in their honor and also the dining of his excellency the Governor, is being carefully supervised by Mrs. Burlingame the chairman of banquet arrangements appointed by the Woman's Club.

Decorations, music, service and menu will be par excellence. In every detail the celebration banquets will be finely appointed.

The first official count of votes showed the contest so far to be between Miss Norma Hansen, Miss Eleanor Kehoe and Miss Nora Mullen and Gertie Brienbach.

The queen contest will close the night of June 2nd and promises to be an exciting finish. Miss Norma Hansen is now in the lead.

The official canvas of the votes for queen shows the following results:

Miss N. Hansen	6702
Miss E. Kehoe	3600
Miss Nora Mullen	2985
Miss G. Brienbach	2510
Miss Baccala	980
Miss White	628
Miss Ranker	620
Miss Gassner	310
Miss Helberg	200

Posters announcing the rodeo and races on the 15th and 16th have stirred great enthusiasm and these two popular features will attract an immense throng. Rudolph Spreckels will race his classy mare, Miss Rooney, and will be here to see her start. The Millerick brothers with new laurels won at the Stockton rodeo have arranged to hold one of the biggest round-ups ever held in the vicinity of San Francisco.

A. W. Foster has accepted an invitation to attend the celebration and has sent a contribution of \$25.00. The Santa Rosa Chamber of Commerce has appointed a committee consisting of Walter Price, B. Levy and Mr. McNamara to take charge of Santa Rosa's participation. The advertising campaign is on in earnest and many leading newspapers are heralding the news of Sonoma's three big days in their news and advertising columns.

Posters are being distributed from Southern Pacific headquarters and by Will Cummings of Eureka who is to bill all the towns along the line of the Northwestern.

The finance committee has started out to make collections and report good results.

## SCHELLVILLE

A new Dodge car is soon to be the proud possession of one of our most popular couples.

Roadmaster Helberg is making ready to oil the roads up to the city limits of Sonoma for the celebration. He will make our connection with the highway a credit to the victory.

The E. E. Bennetts and Chas. Potter and family were visitors to Napa last Friday.

Mrs. Fred Schell and Mrs. Walter Dickson have returned to their city homes after a pleasant outing here with relatives.

## Coming Event at the London Ranch June 2

The brilliant concert to be given for the Jack London memorial library fund by Mrs. Richard Rees and her vocal club on Saturday night next will be an artistic triumph. Santa Rosa is to have the first performance of the musical fantasy "Around the World in Song" at the High School auditorium.

The following day the al fresco production of this musical treat will take place on the London ranch in the heart of Glen Ellen's hills. The setting will be one of natural beauty and Mrs. Rees is keenly interested in staging "Around the World in Song" in so romantic a surrounding.

All the nations are represented in the musical production and the singers will wear national costumes and sing the songs of the different peoples of the world. The grand finale shows America as the defender of all and in her patriotic robes of red, white and blue Mrs. Rees (Columbia) will thrill her hearers with her own anthems and the hills will re-echo the patriotic notes as they rise to the blue skies of what is hoped will be one of "the valley of the moon's" most perfect days.

Many of the prominent clubs in the state have signified their intentions of attending this notable affair. The artists and writers colony will be there and many local music lovers.

Mrs. Chas. Lane who has had charge of the publicity, reports the sale of tickets and badges as indicative of an immense crowd. The railroads will run excursions and a basket picnic, supplemented with delicious coffee, cake and ice cream, to be sold by the Glen Ellen Womens Improvement club will assure everyone ample refreshments.

All roads will lead to Glen Ellen Sunday, June 3rd, and it will be a never-to-be-forgotten day.

Mrs. Rees is one of San Francisco's foremost vocalists. She appears at all the big civic affairs there and is deservedly popular. Many unusually beautiful voices are possessed by the vocal club members.

EPH. WEISS in prescribing lenses for defective eyesight is rewarded by the general satisfaction his patients pronounce. He will be in Sonoma at the Union Hotel on June 2nd—Advt.

## See the Point

We ask Marin County to lay aside its provincial spirit if it is true that the commercial bodies are quibbling over the name of the new Cut-off via the Black Point Bridge.

Sonoma County launched the movement for the direct route to San Francisco and contributed a large amount of money. The El Verano Development Association, a Sonoma Valley organization were the original promoters of the idea.

Marin County is to be the greatest benefited by this new outlet from the Sacramento Valley.

If for the purpose of more particularly designating the hub of the Celebration we call it the Sonoma Cut-off via the Black Point Bridge, what's the odds? Sonoma is now spending \$2,000 to make the route known and to bring people through Marin County. We believe on second thought that our neighbors will see that they have no cause to be offended and will show the only spirit that makes contiguous sections thrive. Once the people know of the new route of travel we can call it anything we like. Black Point Cut-off sounds good to us! Let the Government or so christen it.

## Sonoma's Obligation In Liberty Loan

Sonoma Valley, we have reason to believe is to make a proud record in the matter of taking its share of the Liberty Loan. It is a matter of congratulation that the community's conservative bankers have been the first to buy these war bonds and that their clients are making inquiries that will straightway establish Sonoma's status as a patriotic community alive to the needs of the hour.

Buy Liberty Bonds, for it is a rightly imposed duty. In no better way can the financial obligation which the United States has taken on be brought home to us. In no other way will we realize what the war is to cost and what our loan to the Allies can do. We must participate in the transaction.

By June 15th this great Liberty Loan will be closed and it will be an honor to have shared in it. The quicker the relief given to the Allies, the quicker the war will end.

From the standpoint of patriotism and humanity, you cannot but see the obligation in the matter and from a business standpoint you have but to look to your bank. With the local bankers investing in these bonds and the soundest financial institutions of the country doing likewise, there can be no doubt of the gilt edge character of the Liberty Loan.

## A Magnificent Ally Because of our Forebears

We of this generation have never approached a Memorial Day with greater reverence or more solemn obligation than we do now. The spirit of heroism surges through us, for we ourselves have consecrated our lives and fortunes to the carrying on of the great war of democracy. Already the roster is being signed throughout this great land by the flower of our youth who are to carry on the great work begun by the heroes resting long since in eternal sleep. The foundation laid by our patriots of by-gone decades has been gloriously builded upon. From it has risen a structure of state of which we may be well proud. In the arts of peace we have been superlative, but now that our mighty structure is being rocked by a world war and liberty itself is threatened, we must needs show what our mettle is and rise up, even as did our distinguished forebears and give battle for freedom. It is a broader, bigger freedom than was thought of in the days of the more constricted patriotism, a far greater, nobler work to which we dedicate ourselves. And this without deprecating the great wars of the past in which the United States was supreme, for had not those other wars been fought and the nation founded and strengthened the world today could not count upon the magnificent alliance which America's entry into the war assures.

The homage which has been paid this country in conservative England, in her parliament house and cathedrals where the colors of the United States and the national Anthem were cheered and revered is illustrative of the prestige we have builded since the days of the declaration of independence and the times which Abraham Lincoln put in joint. And now we must hold what we have attained, and as a country is only great as are its units and its principles, we must look to our young men who are signing the rolls of honor today to make for the United States its greatest era. From the homes they will go forth to this great task and with the United States making provision of every kind for them and their brothers in the old world who have been fighting what has seemed to be an endless battle.

Victory is destined to shine down in all its effulgence upon those who are fighting this battle of right and the doom of the ruthless autocracy is foreshadowed. If in the silent cities and requiem tided sea mounds and unmarked graves must needs testify to the heroism of young Americans of today let us look upon it with Spartan courage and accord to those defenders of liberty the reverence and gratitude the nation has always felt for our heroes memory of whose glorious achievement has kept aglow the unquenchable flame of freedom. The cradle of Americanism has become the crucible of the brotherhood of all men and we are to demonstrate it in this war of 1917.

It is a happy circumstance in an ugly muddle that brings Judge Emmett Seawell of this county into the dynamite bomb outrage trial in San Francisco. With a fair judge of Seawell's peculiar temperament coming into the case the public will have some confidence in the proper disposition of a proceeding that has befogged the mind of the average onlooker and left a peculiar impression of judicial procedure. We will now know what sort of a witness Oxman really was and what actuated him. We will also get at the source of his zeal and who or what prompted him to star in the case. Judge Seawell is a kindly man but not one to be trifled with by either prosecution or defense. Older may grow wiser instead of bolder and Fickert will have all due respect from the presiding judge from our own Sonoma County. At any rate let us hope that we will find out who is who in the dynamite outrage of Preparedness day and whether or not a woman shared in the iniquity.

## BABY CLINIC BY DR. WISE

Noted Speaker Will Be at Woman's Club Monday and Tuesday

Considerable interest attaches to the visit of Dr. Wise to Sonoma for about twenty years ago she was a teacher in the local grammar school. Subsequently she studied medicine and took up the work which has won her the highest praise from medical experts, churches and women's organizations.

Sunday night preceding the course at the Club House the lecturer will be at the Methodist Church Union service where she will deliver a lecture.

## WILL HOLD THEIR PICNIC JULY 8TH

Daughters of Pocahontas to Give Outing at Oak Grove.

The Daughters of Pocahontas announce their Grand Annual Picnic which this year will be held at Oak Grove on Sunday, July 8th.

Preceding the day's outing the grand officers will be here for installation ceremonies and it is expected that they will be joined by a large delegation from San Francisco, for Sonoma with its hospitable Lodge of Redmen is deservedly popular as an outing place.

## NATIVE SONS IMPROVE BEAR FLAG SITE

The Bear Flag site on our historic plaza where stands the handsome monument which is the gift of the Native Sons and Daughters of California is being improved by the local Parlor and the building of substantial cement side walks up to and around the monument will be a decided addition to our civic center. The Native sons are assisted in the laudible work by the City of Sonoma and they also wish to thank Moss and Bianchi of Sonoma Grove for gravel and Henry Castagnasso for sand which was generously donated to help along the good work. Sonoma Parlor has in mind many improvements in the vicinity of the historic ground in which they are interesting themselves and a lawn flowers and shrubs will some day adorn that corner of the Plaza where on was unfurled the crude emblem which later brought the State of California into the United States. Progress on the work is going rapidly onward and it will be completed in time for the celebration.

## HARVEST TO BEGIN AT JONES RANCH

The harvesting of the usually heavy hay crop on the Jones ranch shortly begins and Superintendent Joe Keechler says that the yield will be a big one. He figures that the late rains increased the crop at least two thousand tons. Mr. Keechler does not anticipate a shortage of hands as the Jones ranch gives employment every year to the big hay baling crew and treats its men so well that they come back. The fine new crop of 1917 will be good news to the outside world and will help to bring prices down.

The seizure of a wireless plant on Hood Mountain has given rise to the question as to whether the presence of the radio outfit had anything to do with the mysterious aeroplane seen in the sky about four miles from town last week by Joe Ryan and a group of our valley.

Although the authorities have solved Ludwig A. Tyee and family owners of the wireless from a complicity in a plot, the fact remains that the government order that such plants, whether amateur or not should be dismantled, was ignored and deliberately for.

## THE CONVENT COMMENCEMENT

The children of the Convent school will entertain their friends in Union Hall Saturday evening, June 11th. The juveniles will put on a character sketch musical entitled "Green Bonnets." The youngsters enter fully into the spirit of the piece and will be at their best.

The boys as soldiers will do credit to their old Uncle Sam by their enthusiastic patriotism.

In order to create a desire for real music the senior girls and boys have been studying the Italian masters and will render Verdi's much loved "Coro di Crociate e Pellegrini." The children have grasped the spirit of this master of pure song and expect to do justice to the theme of the Coro.

Marzo's "Invitation to Summer" will be artistically rendered by girls in costume. The herald, the glenners, the summer months and the entertainers will leave nothing to be desired in their spirited rendition of this charming scene. A patriotic sketch and tableaux will close the program.

The evening will close with dancing.

## EDICT OF STATE BOARD OF EDUCATION

Copies of the new rules are to be posted in the school buildings throughout California.

Immediate suspension by the principal is the penalty fixed by the State Board of Education for pupils of the grammar and high school grades who are caught smoking either on or off the school premises. This means that students will have to be as careful of their habits at home as they are while actually in school.

The same rule will also apply to pupils for violation of a code of morals designed to enjoin such practices as gambling, frequenting of pool rooms, immorality or the use of narcotics and alcohol. Principals are instructed by the Board of Education to exercise careful supervision over the schools to see that the rule is lived up to.

## PETITION FOR BETTER SERVICE

Northwestern is Importuned for Former Schedule and more Sunday Trains.

A representative majority of the citizens of Sonoma Valley have signed a petition urging the Northwestern Railroad people to give us better service, the new schedule put into effect the first of the month having proven very inadequate and unsatisfactory. The petition states that the earlier arrival of the morning train improves the mail service, particularly on the rural routes, and that our summer resort traffic makes the need of a later Sunday train imperative. The company is urged to put the old winter schedule into effect again and a second train on Sundays.

The business people of the valley are incensed at the retrogression on the part of the railroad and they will ask for a hearing before the Railroad Commission if they cannot get the company to adjust the service.

Mr. Neff of the company was up from Sausalito Saturday last but held out little hope for anything other than the second Sunday train "when business begins to justify it." Primarily his business was to get at the increase coming to station agents all over the line, Sonoma's agent, Geo. W. Reed being one of the fortunate ones in line for more shekels.

With trainmen, agents and income tax eaters pruning off railroad earnings it is little wonder that we are getting a taste of that familiar colloquialism "the public be d—."

Sonoma Valley however with its big summer resort investments and spending right now almost \$2,000 to exploit its proximity to San Francisco and to give a celebration that will be a lasting advertisement to this section finds itself confronted with the untimely handicap of train service and is doing some cursing herself.

Sonoma Valley must have the cooperation of the railroads now and all the time, in the future as well as in the past, particularly from the Northwestern which through the late R. X. Ryan and H. C. Whiting pioneered the way into this section and made it popular as the vacationer's paradise. We cannot afford a slump now and Mr. Geary and his colleagues should give their most thoughtful consideration.

Our investments are jeopardized and the future popularity of Sonoma Valley as an outing and residence place at stake.

The petition has been forwarded and it is hoped that it will bear fruit.

LATER—It is reported that the second Sunday train will put on immediately.

Recent Sonoma visitors at the Sutter Hotel San Francisco found Mrs. M. Spencer who resides there with her daughter in excellent health and very happy.

The grand old lady is the recipient of much attention and her room is each day filled with many beautiful flowers. Mrs. Spencer is the grandmother of the Harris boys and a Sonoma Valley pioneer.

Mrs. Charles Potter and son Norman have been visiting here from Sparks, Nevada. Norman who is now in the employ of the Santa Fe will return to Needles this week.

## NARROW ESCAPE IN ACCIDENT

Mrs. Arthur Skinner in Collision With Automobile But is Unhurt.

Mrs. Arthur Skinner (nee Lucy McElroy) mother of Aletha Skinner the popular little school girl, had a narrow escape in Petaluma Sunday when she was thrown from her buggy in a collision with an automobile. Mrs. Skinner was driving her brother-in-law to the train when the rig in which they were riding was struck by a car owned by the Rodman brothers of San Francisco who were trying to pass another machine. The Rodmans were both seriously injured and are in Petaluma in a hospital.

Mrs. Skinner and brother-in-law were unhurt. The wagon however was badly demolished and the horse ran away.

Mrs. Skinner's mother, Mrs. McElroy, telephoned to Petaluma when she heard of the accident and was much relieved to hear of her daughter's fortunate escape from injury.

Mr. and Mrs. Herman, newcomers, are about to occupy their neat cottage on the Snyder tract where they have five acres and are improving it rapidly.

Miss M. Louise Spring of Brooklyn, a cousin of Mrs. H. Appleton who is touring the west has been the guest of her Sonoma relatives for the past week.

## RECORD TRY FOR CORN CROP

Boy Contestants in Agricultural Club Report Outlook Promising for a Fine Yield.

A close contest is anticipated in the Agricultural Club of the High School this year and the boys report that their one-acre plots are looking very promising. They are keeping an accurate tally on all work done in cultivating the crop and the one who can show the biggest net profit will be this year's prize winner. The contestants are, Elwood Franquelin, George Cooper, Don Bluxome, Fred Haggie and Stewart Potter. The judges of the contest are B. F. Keechler, C. F. Miller and Prof. Stenquist. All the boy farmers secured their seed from Earnest Revie last year's prize corn raiser who had a record of 79 bushels to the acre.

The contest will close some time in October just prior to the Convention of Agricultural Clubs at Davis and will be followed with great interest. Signs are to be put up on the farms where the contestants have their corn acreage so that visitors will know of the good work being done.

The Agricultural Club as a whole has planted potatoes on a portion of the Maxwell place and an exceptional crop is anticipated.

Mrs. J. Garoni of Agua Caliente has been quite sick and is under the care of Dr. Gobar.

## JEROME COMEDY BY STUDENTS

Synopsis of High School Play Sounds Interesting.

Fanny a chorus girl (Zolita Bates) has married Lord Bantock (Joe McMullin) believing him to be a poor artist. He takes her to Bantock Hall where his Aunts, ladies of the old school, (Dorothy Dohbel and Doris Blaxome), await her coming with great apprehension. They are encouraged by their family adviser, Dr. Freemantle, (Russell Prestwood). Upon Fanny's arrival she is amazed to find that all the servants in the Bantock establishment are relatives of her own. Bennett, the head-butler (Stephen Duhring) proves particularly disagreeable and threatens to disclose their relationship if she does not in every way conform to his opinions. He is seconded in his efforts to "reform" Fanny by Mrs. Bennett, (Marie Minkel), by Jane Bennett (Alma Cooper) and by Honora Bennett, (Portia Harrison).

Her only friend in the Bennett family is young "Ernie" (Vernon Zimmerman).

What shall poor Fanny do? Be "run" by her servants or confess to her husband that he has married in his own kitchen? She summons her former stage manager, George P. Newte, (Harold Hotz) to help her out, but the affair only grows more complicated. When her former chorus girl companions, (Dorothy and Dolores Brientbach, Evelyn Evans, Eva Manuck, Rose Boche, and Grace Edgington) bear down upon her, there comes the climax.

See what Fanny does about it. The play will keep you interested from start to finish. See it next Friday night at Union Hall.

The preparation this year for commencement week at the High School are indicative of a most interesting series of events, the first of which will be the school play, "Fanny and the Servant Problem" next Friday night at Union Hall. The following Friday night the graduation exercises will prove of exceptional interest in as much as the graduating class is larger than usual and contains the names of several very brilliant young students.

The valedictorian of the class of 1917 is Miss Amy Heggie who has chosen for her theme "Out door life in California." Sidney Cameron is the salutatorian and his paper will be "On the Growth of Democracy." Other members of the graduating class are Russell Prestwood, Dorothy Dohbel, Joseph McMullin, Clyde Johansson, Alma Cooper, Bunker Dresel, Eugene Froment, Sidney Cameron, Dorothy Brientbach, Frederick Heggie and H. Kasper Hotz.

The Senior Reception will be held at the Womans club house the following evening and will be a brilliant affair with exceptionally fine music, distinctive decoration, dance programs and many special features.

## SONOMA 16, ST. HELENA 2

Sonoma checked up another in the games won column last Sunday by defeating St. Helena. It was a shame to see our "Cut-off Boys" wade through them even if Dick Egan, last year with the Boston Braves, was hurling for the Napa County Champs. Egan after being hammered all over the lot for five innings retired and took up a soft job in right field, where he seemed to enjoy himself hugely, as no chances came in his direction.

Sonoma garnered three runs in the first and from then on until the finish it was a regular merry-go-round. Whitlow could have had a shut-out, but, being tender hearted and also seeing the faces of the fan-ettes from St. Helena handed them two runs and they were very grateful.

Every man on the home team had his batting togs on; as nineteen bingles were gathered.

Steurner was shifted to third, Sunday, due to the loss of Hastings, and acquitted himself nobly.

Palucci, Dresel and Evans all played in regular form.

Prestwood had no chances in the outfield but looked good at bat getting a couple of nice hits.

Tuesday night an aeroplane was seen flying over Sonoma. It is rumored that it contained some loyal St. Helena rooters who were trying to find out some of our baseball signals but from all reports they are still intact.

Sunday Sonoma plays the St. Dominicks team and it promises to be a better game than last week's.

The game starts at 2:30. Come all ye Fans and root.

### AL JOYLESS

### SEBASTOPOL ON GLEN ELLEN'S VICTORY

Sebastopol lost her first game this season last Sunday on the Glen Ellen diamond by a score of 7 to 2. There was a fair crowd of rooters out for the Glen Ellen team but the local boys were not up to the usual form and that is responsible for their defeat. Babe Ames made the first run for the local boys in the first inning, the other being made by Daviero. Glen Ellen did not score until the fourth and at the end of that inning the score stood 2 to 1 in favor of Sebastopol. In the sixth the score was tied and in the seventh, which is always the critical inning, Glen Ellen put five men across the plate. Neither team scored after the seventh.

The local boys are confident that they can defeat the Glen Ellen team. So far in the series each team has won one game. On Sunday, May 26, the final game of the series will be played at Laguna park, the winner to take the receipts and, inasmuch as the teams are evenly matched, Manager Campbell has promised an extra inning game.

The line-up for last Sunday's game was as follows:

Sebastopol: Babe Ames rf. G. Frankhard

De Silva 3rd Bradley

Garloff 1st Doon

Daveiro c. Schmidt

Maroni pitcher Tomblison

Pine left field Coutts

Batten short Maroni

H. Ames 2nd Craib

Birkholder center Duncan

Sebastopol Times.

The Glen Ellen baseball team played Petaluma last Sunday and won five to four. Sunday the play Sebastopol for the gate receipts.
